

Sam Gothard bio

Sam Gothard is a consultant child and adolescent psychiatrist working in a local CAMH service. She is a parent of two children, one who attends the Grove School and one who is at secondary school and previously attended the Grove school.

Sam has a particular interest in the provision of education for children and young people with special educational needs and disability (SEND). She has taken on the lead SEND governor role.

Sam is also interested in how governors ensure that views of children and young people, parents, carers and staff are well represented; contributing to the effective provision of education for children and young people attending the Grove School.
